Nowadays, it is all about The Benefits of Eating Local and Seasonal Foods... This is the New Movement on the Rise... We can make whatever Recipe we please whenever we please, thanks to the Abundance of Produce available on the National and International Market.

Rotating our Meals with the Seasons offers a Wealth of Benefits, from saving Money on Produce that is in Abundance at the Right Time of Year, to ensuring Food Security in the Future. Eating Local and Seasonal Foods reduces the Carbon Footprint associated with Long Transportation Routes and Refrigeration for Foods that aren't readily available during Certain Seasons and therefore need importing.

Cutting out Gluten from your Diet may seem like a Difficult and Limiting Task. Fortunately, there are many Healthy and Delicious Foods that are Naturally Gluten-Free. Naturally Gluten-Free Food Groups include: Fruits, Vegetables, Meat and poultry, Fish and Seafood, Dairy, Beans, legumes, and Nuts.

Many Items that usually contain Gluten have Gluten-Free Alternatives that are widely available in most Grocery Stores, making adherence to the Gluten-Free Diet much easier. Many Commercially-Available Products are labeled "Gluten-Free," but there will be some that are not; this is why Proper Label Reading is important. As a Rule, Traditional Wheat Products such as Pastas, breads, crackers, and other baked goods are not gluten-free. However, there are many gluten-free options available that use alternative flours and grains.

The Owner keeps ensuring that the Quality/Price is his main Focus, mostly when his Main Customers are basically Locals and situated near the Touristic & Business Venue called "Carreau Du Temple".

Café Philippe stands as a Living Witness to Parisian Evolution with Simple Gastronomy and Elegant Atmosphere. Whether for a Gourmet Breakfast, a Business Lunch or a Intimate Evening, we would choose this Restaurant charming in its Simplicity and Authenticity.

Displayed on each Table, a QR Code allowing the Foreign Customer to have an Instant Translation of the Menu in His/Her Own Language, which can be also be found on the Website... Just scan using the Mobile. This Opportunity is thanks to a Unique Technology to display your menu (WiiC Menu).
